

Key Stage 4 AQA B Geography

Local Fieldwork Investigation:

Producing the Student Portfolio for Controlled Assessment, 3days

Students will research and undertake fieldwork in an appropriate environment in order to prepare their portfolio to take forward to the high control 'write up' phase of their controlled assessment. The fieldwork will be based on the pre-released titles from AQA B and covers the Unit 4 Local Fieldwork Investigation. This short course will cover all aspects of the preparation, research, planning, processing and presentation necessary for the creation of a portfolio to take back to school or college.

COURSE LENGTH

3 Days (2 nights with 6 teaching sessions)

Monday / Wednesday	Tuesday / Thursday	Wednesday / Friday
<p>Arrive mid-day</p> <p>Research on fieldwork and the area to be investigated</p> <p>Development of hypotheses</p>	<p>Fieldwork from morning to late afternoon including data collection</p> <p>Late afternoon and evening beginning write up of methodology and presentation of data</p>	<p>Completion of portfolio including index of resources for each student</p> <p>Depart after lunch</p>

Or

Friday	Saturday	Sunday
<p>Arrive for evening meal</p> <p>Research on area to be investigated</p>	<p>Development of hypotheses followed by fieldwork from morning to evening meal including data collection</p> <p>Completion of research in evening</p>	<p>Completion of portfolio including write up of methodology and presentation of data and creation of index of resources for each student</p> <p>Depart after afternoon session</p>

COURSE CONTENT

CHOOSE ONE TOPIC FROM THE THREE LISTED BELOW TO PREPARE FOR THE CONTROLLED ASSESSMENT

The Coastal Environment

This session meets the requirements of section A of Unit 1 (Managing places in the 21st century). Students will consider why coasts are valuable, the physical processes that have created coastal landforms and the management of coastal areas. The focus for this study will change annually to meet the requirements of the controlled assessment and to match AQA's set titles.

The Urban Environment

This session meets the requirements of section B of Unit 1 (Managing places in the 21st century). Students will consider the challenges and opportunities facing urban areas in the 21st century. The focus for this study will change annually to meet the requirements of the controlled assessment and to match AQA's set titles.

Tourism (challenges and conflicts)

This session meets the requirements of section B of Unit 3 (Investigating the shrinking world). Students will consider the growth of tourism and its impact on people, communities and the environment. The focus for this study will change annually to meet the requirements of the controlled assessment and to match AQA's set titles.

External Recognition of Quality

All our centres have been awarded the Quality Badge by The Council for Learning Outside the Classroom. The badge is awarded to organisations that have demonstrated that they consistently deliver high quality teaching and learning experiences and manage risk effectively. This means that you will have to complete less paperwork when visiting our centres

"The controlled assessment grades from our current year 10 are brilliant. Over 80% of the students got A or A. Thank you so much for your hard work" Bromley High School*

LEARNING OBJECTIVES/OUTCOMES

Controlled Assessment

Learning Objectives	Learning Outcomes
<ul style="list-style-type: none"> Gain case study knowledge of the environment investigated <p>Learning Objectives related to the Controlled Assessment:</p> <ul style="list-style-type: none"> Gain greater understanding of different approaches to primary data collection Consider how data can be presented Understand the different stages through a route to enquiry, including a pre-fieldwork phase setting up the study, fieldwork, data presentation, analysis and evaluation 	<p>All students will:</p> <ul style="list-style-type: none"> Identify the key geographical concepts and/ or processes that underpin the investigation Describe the location of the study Carry out fieldwork in the outdoor classroom, collecting data for the controlled assessment Describe different data collection techniques for their investigation Collect a variety of information, first hand, including quantitative and qualitative data Have access to relevant secondary data Display data collected using one appropriate technique Complete their portfolio (unless they are identified as needing additional time) <p>Most students will:</p> <ul style="list-style-type: none"> Use secondary data in the pre-fieldwork phase to justify and contextualise the fieldwork Use GIS information to aid the enquiry process Present data in a variety of ways to aid the enquiry process Use OS maps and aerial photos to aid the investigation Identify limitations with the investigation and data collection methods Display data collected by field sketches/photos/maps <p>Some students will:</p> <ul style="list-style-type: none"> Clearly justify their methods of data collection Apply a wide range of applicable data presentation techniques Use OS and digital maps and aerial photos to present data/information
