

Key Stage 4 WJEC A Geography *Controlled Assessment, 1day*

Students will have an opportunity to extend research and undertake fieldwork in an appropriate environment in order to prepare their portfolio to take forward to the high control 'write up' phase of their controlled assessment. The field work will be based on the pre-released titles from WJEC A.

This day course will focus on the collection of data in the field and provide additional background research material for the creation of a portfolio.

COURSE CONTENT

The focus for the selected study will change annually to meet the requirements of the controlled assessment and to match WJEC's set title.

CHOOSE ONE TOPIC FROM THE LIST BELOW TO PREPARE FOR THE CONTROLLED ASSESSMENT

Water: River Processes and Landforms

Students will investigate a local river, studying how it changes and what landforms have been created. They will develop enquiry skills and collect primary data as an integral part of their investigation.

Tourism

Students will investigate a tourist honeypot to help understand the physical and human factors which have led to tourist development and the impacts of tourism in the area. Students will develop enquiry skills and collect primary data as an integral part of this study.

External Recognition of Quality

All our centres have either been awarded the Quality Badge by The Council for Learning Outside the Classroom, or are awaiting assessment. The badge is awarded to organisations that have demonstrated that they consistently deliver high quality teaching and learning experiences and manage risk effectively. This means that you will have to complete less paperwork when visiting our centres

"The controlled assessment grades from our current year 10 are brilliant. Over 80% of the students got A or A. Thank you so much for your hard work"* **Bromley High School**

LEARNING OUTCOMES/OBJECTIVES

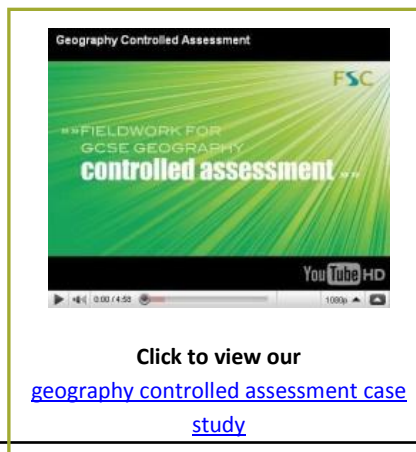

Learning Objectives	Learning Outcomes
<ul style="list-style-type: none"> Gain case study knowledge of the environment investigated <p>Learning Objectives related to the Controlled Assessment:</p> <ul style="list-style-type: none"> Gain greater understanding of different approaches to primary data collection Consider how data can be presented Understand the different stages through a route to enquiry, including a pre-fieldwork phase setting up the study, fieldwork, data presentation, analysis and evaluation 	<p>All students will:</p> <ul style="list-style-type: none"> Identify questions and issues which form the basis of the investigation Carry out fieldwork in the outdoor classroom, collecting data for the controlled assessment Describe different data collection techniques for the investigation Collect a variety of information, first hand, including quantitative and qualitative data <p>Most students will:</p> <ul style="list-style-type: none"> Use GIS information to aid the enquiry process Use OS maps and aerial photos to aid the investigation Identify limitations with the investigation and data collection methods Use field sketches/photos/maps <p>Some students will:</p> <ul style="list-style-type: none"> Identify relevant questions and issues and independently identify an appropriate route to enquiry. Use OS and digital maps and aerial photos to present data/information Consider ways of improving the investigation Consider anomalies in data collected and explain why they might have occurred

Protecting fieldwork opportunities for everybody

Growing pressures on outdoor learning has led the FSC to take on an important role; championing the rights and opportunities for people of all ages to experience the environment at first hand.

The FSC has led in campaigns to reverse the continuing decline in fieldwork within secondary schools and to build opportunities for out-of-classroom learning.

As a registered charity, the FSC receives no statutory funding. It relies solely on fees charged for courses and membership. Therefore, by visiting an FSC Centre not only are you receiving a high quality educational experience for your students, you are also you are helping to protect fieldwork opportunities for everybody.

FSC CENTRES

FSC Centres that offer this course:

		River processes	Tourism
AM	Amersham 01494 721 054	✓	
EF	Epping Forest 020 8502 8500	✓	✓

TO BOOK THIS COURSE, SIMPLY:

1. Choose the time of the year you would like to attend
2. Pick the centre/centres of interest
3. [Check availability online](#) or contact head office using the details at the bottom of the page or contact the centre of your choice

**Please note to book this course the minimum size of your group must be 12 students and 1 member of staff*
